

Study Guide 1 – Umpire - Program Learning/Performance Objectives

Junior Official Program Study Guides

The purpose of the Study Guides in this program are to help you acquire the knowledge needed to be able to understand and create a brief statement of the information that you will need for course completion and future knowledge. You might think of this Study Guide as a mini-outline to the different official positions that are involved in Track and Field competitions. Consider this Study Guide as a condensed version of all the important information that you will need to complete the Junior Officials Program successfully.

Each Official's duties, skills, and behaviors are contained in the 17 different Study Guides offered in this program. These Study Guides are a combination of

- Adopted USATF 2020 Competition Rules.
- Best Practices (those skills that describe "what works best" in a particular situation or environment). These Study Guides are data supported successes and researched supported over time, as offered by Track & Field officials in the quest for accountability for reliable methods.
- USATF Code of Ethics
- USATF Professional Guidelines

Procedures

Once you have the Study Guide in front of you, do more than just read it. Take the time to look at the material to understand what you will be asked to do. Start by reading the description to formulate a big-picture idea of what your Mentors assessment will look like. Then, review the list of concepts.

Quizzing yourself is a highly effective study technique. Make a copy of the Mentors Checklist and carry it with you to the meets so you can review the questions and answers periodically throughout the day and across several days/meets. Identify the questions that you have and quiz yourself on only those questions. Say your answers aloud.

The important skills needed in this Guide correspond to the Learning and Performance Objective numbers that begin with the abbreviation **U** (Umpire). Total LO/PO's (U1-U24).

Ask questions of your Mentors, they are there to answer your questions and guide you to learning and performing as a USATF official.

Good Luck to you on your journey to become a USATF Certified Official!

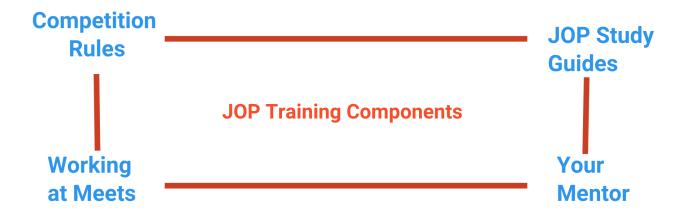

This is one of 17 Study Guides available to you. Each Guide covers a different track and field event. You are welcome to review all the guides, but the JOP program would like you and your mentor to **select ten (10)** of these Guides to concentrate on as your primary focus while participating in the JOP program. JOP Participants who are in the program for longer that two (2) years will have the opportunity to experience all of the 17 Study Guides. This will help you prepare for the Officials Association Level that the 3-4 year participants can qualify you to become. You will be evaluated by your mentor on your knowledge of your 10 Study Guide events. Also, an Alternative List of Study Guides will be produced for your furthering your knowledge in your officiating experience.

The content of these Study Guides is primarily drawn from these resources:

- USATF Competition Rules
- Best Practices
- USATF Code of Ethics
- USATF Professional Guidelines

These Study Guides, your mentor, the USATF Competition Rules, and experience working track and field meets are the four key components of the Junior Officials Program.
